Dr. Joshua Lederberg  
Osborn Botanical Laboratory  
Yale University  
New Haven, Connecticut

Dear Dr. Lederberg:

I have your card of May 20, asking for copies of "Experiments on the Adaptation of Escherichia Coli to Sodium Chloride" and regret very much that I am unable to send them along since I have no more and the article has been out of print for several years.

Sincerely yours,

A handwritten signature in cursive script, reading "Michael Doudoroff".

Michael Doudoroff
